

CELL-Tape, Weather Sealant and Marking Tape, Black

Self bonding silicone weather seal and marking tape fuses to itself in 24 hours after installation creating an air and watertight bond. Can be applied in extreme weather conditions and withstands temperatures from -60° to +500° F. It will not stick to hands and leaves no residue.

FEATURES / BENEFITS

- · Self-adhering silicone seal
- · 300% elongation -- stretches for form fit
- · Meets U.S. MIL spec AA-59163
- Good electrical and mechanical properties
- · Dielectric strength up to 12,000 Volts
- Doesn't stick to hands
- · Can be easily removed
- · Creates water tight bond

UV inert
