High speed grounding kit for CELLFLEX® LCF 14

This Grounding Kit has been developed by RFS Technologies for the CELLFLEX cable series. The Grounding Kit body facilitates a proper attachment to the coaxial cable, ensuring that the performance of the coaxial cable is not being compromised. The tin plated copper mesh provides a secure, low resistance contact to the cable outer conductor. The installation only takes a few minutes. No additional sealing with mastic and electrical tape required.

FEATURES / BENEFITS

- Compatible with both copper and aluminium cable types i.e. one Grounding Kit for both outer conductor materials eliminates the risk of faulty Grounding Kit installation and helps to keep inventory down.
- This kit has been verified by independent labs to withstand the damaging effects of lightning current in excess of 50kA 8/20µs. The CCA wire provides the most practical and effective low inductance transfer of lightning induced current to ground.
- No influence on the electrical transmission characteristics of the coaxial cable.
- Robust mechanical design.
- UV resistant according to DIN EN ISO 4892-2 (Plastics Methods of exposure to laboratory light sources Part 2 Xenon-arc-lamps).
- Ozone resistant according to DIN 53509 (Testing of rubber Determination of resistance to ozone cracking).
- Compliant to RoHS (EU 2002/95/EC) and CRoHS (China SJ/T11363-2006) i.e. usable on a global basis.

Technical features

STRUCTURE

Product Line	Coaxial Cable Accessories	
Type of Grounding Kit	High Speed	
Transmission Line Type	LCF14	
Cable Type	Coaxial Foam Dielectric	
Cable Size	1/4"	
Number of Cable / Waveguide Runs	1	
Material	Grounding Kit Body: Stainless steel, with vulcanised EPDM (Ethylene-Propylene-Caoutchou Screws: Stainless steel with safety washers Contact element: Tin-plated copper mesh	JC)

MECHANICAL SPECIFICATIONS

Lug Attachment Method		Factory Attached
Lug Style Size		1-hole Ø 10.2mm (13/32") crimp-on, tin-plated
Grounding Wire Length	m (in)	0.5 (20)
Grounding Wire Size	mm²	16mm ² (7x7 strand) CCA Wire
Grounding Wire Color		Black
Grounding Body Color		Black
Sealing Class		IP68

High speed grounding kit for CELLFLEX[®] LCF 14

TEMPERATURE SPECIFICATIONS

Operation Temperature	°C (°F)	-50 to 85 (-58 to 185)
Storage Temperature	°C (°F)	-50 to 85 (-58 to 185)

PACKAGING INFORMATION

Package Quantity		1
Weight per piece	kg (lb)	0.3 (0.66)
