

HEAT-2HB-20

Heat shrink tube pack(pack of 20pcs) for the OMNI FIT connectors(C02, C03, D01, E01) that works on RFS Technologies Dragonskin™ 2HB12-50JPLR cable

RFS Technologies Weatherproofing Heat Shrink Tube pack are designed to be used with RFS Technologies Field-installable OMNI FIT connectors that works on RFS Technologies DragonSkin™ 2HB12-50JPLR cable to gain outstanding additional weatherproofing feature in addition to RFS Technologies OMNI FIT Connectors' own weatherproofing performance. Each pack contains 20pcs individual tube which could work specifically together with RFS Technologies field-installable OMNI FIT™ C02 & C03, D01 & E01 high performance connectors to improved network performance, reduces the number of dropped calls and avoids revenue losses.

1pcs shrink tube out of pack of 20

FEATURES / BENEFITS

- Each pack comprises 20pcs heat shrink tubes
- Easy-to-install weatherproofing heat shrink tube
 - Ensures a watertight sealing to protect your network investment
 - Can be installed at extreme temperatures
- During connectorization every connector requires 1 pcs of Heat Shrink Tube

Technical features

GENERAL SPECIFICATIONS

Transmission Line Type	Weatherproofing heat shrink tube pack for RFS Technologies DragonSkin™ 2HB12-50JPL* Cables			
Cable Size	1/2			
Cable Type	Foam Dielectric	Radiating	DragonSkin™	
Model Series	LCF12-50 Series	ICA12-50 Series	RCF12-50 Series	DragonSkin™
Sealing Method	Heat Shrink			

MECHANICAL SPECIFICATIONS

Body Material	Silicone rubber
----------------------	-----------------

TESTING AND ENVIRONMENTAL

Waterproof Level	IP66/IP67/IP68, per IEC 60529-1
