

SNAP-ADP-SA3-PIM

Snap-in Hanger Adapter, 3-Way Stand-off Adaptor, PIM Free Polymer, Universal Attachment, Kit 10

The PIM-free snap-in hanger adaptor is one of the key components in RFS Technologies' PIM mitigation solutions, which encompass a range of innovative and tested accessories designed to minimize or eliminate external Passive Intermodulation (PIM) at telecommunication sites. Constructed from engineered plastic, this adaptor effectively prevents PIM caused by metal contacts while securely holding three snap-in hangers in place. It can be conveniently installed on round members, angle members, or flat member using separately ordered hardware kits..

FEATURES / BENEFITS

- Effectively substitute the metal hardware to reduce PIM effects
- Advanced material and optimal design guarantee the mechanical robustness of the product
- 3 x 3/4" thru holes accommodate a variety of snap style hangers
- Can be mounted on a round or flat member using heavy duty cable bands
- Can also be bolted to a drilled metal or an angle adaptor using 3/8" hardware
- Maximum loading: 3 polymer hangers

Technical features

STRUCTURE

Product Line		PIM Mitigation		
Product Type		Installation Hardware		
Installation Hardware Type		Snap-in Hanger Adaptor	3 Way Stand-off Adaptor	
Coaxial Cable Type		Coax Cables	Hybrid Cables	Elliptical Waveguides
Configuration		3 x 3/4" thru hole on top and both sides, two slots at the bottom for hose clamps and heavy duty banding up to 1/2" wide, one through hole at the bottom for 3/8" mounting hardware		

MECHANICAL SPECIFICATIONS

Insert Holes		3 x 3/4" (19mm) holes		
Color		Black		
Material		Engineered Plastic		

TEMPERATURE SPECIFICATIONS

Operation Temperature	°C (°F)	-20 to 85 (-4 to 185)		
------------------------------	---------	-----------------------	--	--

PACKAGING INFORMATION

Package Quantity		10		
Weight per kit	kg (lb)	0.55 (1.21)
