SNAP-ADP-UHA3-PIM

Snap-in Hanger Adapter, PIM Free Polymer, Multifunction Adaptor, Kit 10

The PIM-free snap-in hanger adaptor is one of the key components in RFS Technologies' PIM mitigation solutions, which encompass a range of innovative and tested accessories designed to minimize or eliminate external Passive Intermodulation (PIM) at telecommunication sites. Constructed from engineered plastic, this adaptor effectively prevents PIM caused by metal contacts while securely holding three snap-in hangers in position. It can also be used as a base to support cushions/grommets, and block hangers with the provided insert. Using separately ordered banding, this adaptor can be conveniently attached to either round members or angle members.

FEATURES / BENEFITS
- Effectively substitute the metal snap-in adaptor or angle adaptor to reduce PIM effects
- Advanced material and optimal design guarantee the mechanical robustness of the product
- 3 x 3/4" thru holes accommodate a variety of snap style hangers
- Two stage channel for 1/4" and 3/8" angle members
- An insert coming with the adaptor provides compatibility to 3/8" hardware kit like threaded rod of block hangers

Technical features

STRUCTURE

Product Line		PIM Mitigation		
Product Type		Installation Hardware		
Installation Hardware Type		Snap-in Hanger Adaptor	Multifunction Adaptor	
Coaxial Cable Type		Coax Cables	Hybrid Cables	Elliptical Waveguides
Configuration		3 x 3/4" thru holes, 1 x insert, slots and banding guides for tie wraps		

MECHANICAL SPECIFICATIONS

Insert Holes		3 x 3/4" (19mm) holes
Color		Black
Material		Engineered Plastic

TEMPERATURE SPECIFICATIONS

Operation Temperature	°C (°F)	-40 to 85 (-40 to 185)

PACKAGING INFORMATION

Package Quantity		10
Weight per kit	kg (lb)	0.27 (0.59)
