

HYBRIFLEX® Jacket and Armor cutting tool, 7/8"

The HYBRIFLEX preparation tools are developed to make a quick and safe circular cut on HYBRIFLEX corrugated armored cables. This circular cut might be necessary in case of length adjustment. Preparation tools are avaliable for many cable sizes.

FEATURES / BENEFITS

- Quick and easy use Cut through jacket and armor by just two turns
- No chance to damage the inner core The blade position is adjusted in a way that makes it impossible to cut into the inner core
- Long lasting cutting blades Even if worn after many operations, they may be easily replaced
