TRIM-SET-L12-D01

Combination preparation tool (Universal Trimming Tool), CELLFLEX[®] Cable 1/2" for connector families OMNI FIT and RAPID FIT

This special trimming tool improves the cable preparation prior to connector attachment. No further tools are required to prepare the cable for the connector attachment. This is due to the unique design of the trimming tool, which combines all necessary functions in one tool. It can be used for all CELLFLEX LCF12-50 foam dielectric cables in combination with the OMNI FIT Premium connector family D01, OMNI FIT Standard family B32 and RAPID FIT families 060/062 + 070/072.

The Universal Trimming Tools Series offers the additional advantage to be convertible to different connector families and cable sizes (1/4"", 3/8"", 1/2"" and 7/8"") only by changing the insert. Different inserts are available as optional items, for references see below or contact your RFS Technologies sales contact.
