

Combination preparation tool (Universal Trimming Tool), RADIAFLEX® Cable 1/2" for P-Series connector

The trimming tool improves the cable preparation prior to connector attachment. No further tools are required to prepare the cable for the connector attachment. Due to the unique design of the trimming tool, it combines all necessary functions in one tool. It can be used for all RADIAFLEX® 1/2" cables in combination with the RADIAFLEX® P-Series connector.

The Universal Trimming Tools Series offers the additional advantage to be convertible to different cable sizes (1/4"", 3/8"", 1/2"" and 7/8"") only by changing the insert. Different inserts are available as optional items, for references see below or contact your RFS Technologies sales contact. FEATURES / BENEFITS

· Universal Trimming Tool concept

One basic tool can be used for cables sizes 1/4"", 3/8"", 1/2"" and 7/8"" only by changing the insert

Precision cable preparation tool

Always exact and repeatable trimming dimensions

· Intuitive use of tool

Easy and precise preparation of cables for connector installation

· Long-lasting cutting blades

Easy to clean, smooth dielectric surface improves IM performance

Product Line	Coaxial Cable Accessories
Product Type	Tool
Transmission Line Type	RADIAFLEX radiating cables of RLK, RAY, RLF series
Coaxial Cable Type	Foam dielectric radiating cables with copper foil outer conductor
Cable Size	1/2"
Type of Tool	Combination Cable Preparation Tool
Configuration	Universal Trimming Tool

ACCESSORIES

Spare Part / Useful Accessories	Spare blades : TRIM-B30

MECHANICAL SPECIFICATIONS

Color	Red
Material	Fiberglass reinforced Polycarbonate

PACKAGING INFORMATION

Package Quantity		1
Weight per piece	kg (lb)	0.19 (0.42)
